#### What Kind of Programs Are Broadcast?

Good shows—including national music suppressed by the Communists, religious programs, comedy, world and local news and commentary—better and more complete than that broadcast by the Communist stations in Warsaw, Prague, Budapest, Bucharest and Sofia. Listeners know they are not forgotten by the West.

#### How Effective is Radio Free Europe?

Communist protests, vain Red jamming attempts, coupled with the statements of escapees and the text of letters from behind the Iron Curtain—all attest to Radio Free Europe's effectiveness.

#### Who Supports Radio Free Europe?

R.F.E. is operated by the Free Europe Committee, Inc., a group of private citizens. This Committee receives support from millions of voluntary American contributions to the Crusade for Freedom.

#### PRESIDENT EISENHOWER SAYS:

*"Radio Free Europe . . . serves not only the nations we seek to help—it serves the best interests of the United States . . . I urge every American to support this independent American enterprise."*

**What is Radio Free Europe?**

Radio Free Europe is a network of 29 powerful transmitters and relay stations in West Germany and Portugal. It broadcasts news of the free world to the five key countries of Czechoslovakia, Poland, Hungary, Romania and Bulgaria—behind the Iron Curtain—for as much as 20 hours a day.

**What is its Purpose?**

The five countries to which Radio Free Europe broadcasts contain 70,000,000 freedom-loving people whose governments and liberties were taken from them by the Soviet Communists.

At least 80 percent of these people are opposed to their Communist regimes. As long as this opposition is kept alive, as long as these people continue to resist their Soviet masters, as long as they continue to work for eventual freedom—that long is Soviet Russia prevented from digesting them and deterred from further aggression in western Europe.

**Who Broadcasts over Radio Free Europe?**

Respected exile leaders from behind the Iron Curtain—commentators, entertainers, editors, teachers, clergymen and statesmen speak in their
